Further information

About me

Hello, my name is Cristhofer Alencar and I'm from Brazil. Currently, I'm a scholarship fellow in the master's degree program at the Polytechnic University of St. Petersburg in Russia. I came to Russia seeking a new challenge to develop myself, and now I feel that is time to put my skills to good use. I'm looking for the opportunity to work in a good company where I can contribute to its development and develop myself. In my curriculum, you can find complete information about me, but I would like to highlight a few: I'm a Web Developer with over 5 years of experience in web technologies and always willing to learn more, I like to travel a lot so I'm always open to new opportunities to work and travel, I am fluent in English, Portuguese, Spanish and Russian, in an agreement with the company I have permission to work in Russia according to Russian laws, I also have experience with systems maintenance, support and development and eager to learn everything that your company has to offer me.
